(1) High-speed Internet services are provided as best-effort services. Jackson Energy Authority does not guarantee bandwidth that customer receives. (2) You must provide the correct equipment (Caller ID display unit or phone with built-in display) to view Caller ID data. (3) 60 minutes free long distance calling is limited to the 48 contiguous United States. Long distance minutes in excess of 60 minutes each month will be billed at 6.9¢ per minutes rate. Unused free long distance minutes do not roll over to the next month. (4) Unlimited long distance calling is limited to the 48 contiguous United States and Canada. Jackson Energy Authority local phone service is required to receive Unlimited Long Distance.

Local telephone number portability is not available to customers switching from a cellular service or certain VoIP services.

A standard converter, HD converter or Smart Box HD/DVR converter may be required to view the digital and/or HD channels included in each cable tier.

Free standard basic installation is limited to installations that do not exceed 150 feet from the curb to the premise and includes analog cable TV with inside wiring installed at the installer's discretion, telephone service connected to all existing phone jacks within the customer's home, and internet connected to one PC. The installation fee will only be waived if the service is retained active for a minimum period of 12 months continuous service. Early termination prior to the 12 month period will result in the fees being applied to your final telecommunications bill.

Participation is subject to Jackson Energy Authority eligibility requirements. Monthly price shown is available to residential customers only and does not include taxes and fees.
