JEA takes the privacy of our customers very seriously. Section 631 of the Cable Communications Policy Act of 1984, as amended, (the “Cable Act”) provides certain protections to you, as a subscriber to JEA’s cable service or other services, and requires that JEA disclose to you the following:

- The limitations imposed on JEA in its collection and disclosure of personally identifiable information about you;
- The type of personally identifiable information we collect;
- How we use your personally identifiable information;
- Under what circumstances we may disclose your personally identifiable information and to whom;
- The period during which we maintain your personally identifiable information; and
- How you may access your personally identifiable information.

In addition, Section 222 of the Communications Act, as amended, provides privacy protections for certain information related to JEA’s telephone and broadband Internet access services:

- Information about the quantity, technical configuration, type, destination, location, and amount of your use of the phone and broadband Internet access service; and
- Information contained on your bill concerning the type of phone and broadband Internet access services and features you receive.

This information is known as customer proprietary network information (“CPNI”). This Notice includes JEA’s CPNI Policy and describes what CPNI information JEA obtains, how its protected, and how it may be used.

PERSONALLY IDENTIFIABLE INFORMATION

To provide cable and other services to you, we obtain certain “personally identifiable information” (“your information”). Your information may include: name, address, telephone number, social security number, date of birth, driver’s license number, billing records, service maintenance and repair records, premium service subscription information, marketing information, demographic information, user IDs, passwords, email addresses, customer complaints, correspondence, and communications records. In providing our services, we may also collect information about your video equipment, computer hardware and software, modems, routers, settings, and other preferences to aid in customer support.

Except as indicated below under **Sharing Policy**, all personally identifiable information is used for the normal business purpose of offering and providing cable television service and other services to you. Only persons authorized by us may access this information. Persons authorized to access customer information include our employees and sales agents, billing and collections services, accountants, and other businesses that provide products and services to us. These persons may access customer information on a regular basis. We maintain certain customer information for as long as we provide service to a customer and for a commercially reasonable time thereafter. Other customer information is periodically destroyed.

Customer Privacy Policy

Sharing Policy – Federal law prohibits the disclosure of your personally identifiable subscriber information without your consent. The following exceptions apply:

Business activities. We may disclose customer information in order to conduct a legitimate business activity related to providing cable service or other services.

Unauthorized reception of cable service. We may disclose customer information in order to detect unauthorized reception of our cable service.

Names and addresses to third parties. We may disclose names and addresses to third parties for purposes as mailing lists, charities, and direct mail marketing, unless you notify us in writing that you do not wish us to disclose it. You may write us with a nondisclosure request at any time to the return address on your billing statement, or by contacting us at JEAContactUsWebsite@jaxenergy.com. No such disclosure may reveal directly or indirectly the cable services you view or other transactions you make.

Court order. We must disclose personally identifiable information without your consent if we are required to do so by a court order. If we are served with a court order requiring disclosure, we will promptly inform you before releasing any information. You will then have an opportunity to contest the order.

Law enforcement request. We may also disclose personally identifiable information without your consent when requested by law enforcement under certain circumstances.

CUSTOMER PROPRIETARY NETWORK INFORMATION

Customer Proprietary Network Information (“CPNI”) is personally identifiable information that we collect when we provide you with telephone or broadband Internet access services. CPNI typically consists of telephone numbers called by the subscriber along with the associated call duration and timing of those calls as well as call frequency and any call management services utilized by the customer. The FCC requires JEA to notify all subscribers of their rights to restrict the use of their CPNI. You have the right, and JEA has a duty, under federal law, to protect the confidentiality of your CPNI.

Permitted use of CPNI. CPNI can be used by JEA for certain purposes without your permission. JEA may use CPNI to offer you new or enhanced services that are related to the category of services to which you currently subscribe. JEA may also use CPNI to respond to your inquiry regarding services you currently use or related services JEA offers. In addition, JEA may use CPNI in connection with repair and maintenance services, billing and collection, and to protect company property and to prevent fraud.

Prohibited use of CPNI. Unless you specifically authorize its use, JEA may not use CPNI to market services unrelated to the services to which you currently subscribe. For example, JEA may not use CPNI to offer you any type of long-distance service unless you currently subscribe to their long-distance offerings. JEA may not share CPNI with any other company, including our affiliate companies, unless you are a customer of our affiliate.

Additional information regarding your CPNI rights. You have the right to deny or withdraw access to CPNI at any time or to instruct JEA to disclose CPNI to unaffiliated third parties upon submission of a written request. Any approval or denial for the use of CPNI outside of the service to which you subscribe to from the company is valid until you affirmatively revoke or limit such approval or denial. A denial of your approval will not affect the provision of any services to which you subscribe.
