The Electric Division of the Jackson Energy Authority (hereinafter called the Authority) and

_____ Mutually agrees as follows:

1. The Authority will furnish, install and maintain an outdoor lighting unit and necessary poles at a mutually agreeable location. The customer agrees to allow the Authority access to the location with equipment necessary for the maintenance and operation of the light for the duration of its use. (Optimal care will be taken)

The charges for the lights and poles are subject to change due to periodic rate adjustments.
