

JACKSON ENERGY AUTHORITY

BULK ANALOG CABLE TELEVISION RATE SCHEDULES

AVAILABILITY – GENERAL

These rates are available to owners of multiple unit properties, such as apartments, nursing homes, assisted care facilities, dormitories, fraternity and sorority houses, and other similar properties whose residents do not maintain individual electric service accounts, but rather are served under a master electric service account. These rates also apply to multiple outlet accounts (more than five outlets) such as hotels and motels, schools and universities, hospitals, businesses, and other similar non-residential properties.

Bulk Analog Cable Television service under these rate schedules is to be provided to the residents, patients, occupants, guests, or employees of such multiple unit or multiple outlet properties and billed through a single master bulk service account.

BILLING UNITS

Bulk Analog Cable Television service shall be billed monthly based on the rate per individual residential units, room, or outlet times the total number of residential units, rooms, or outlets within the property.

RATE SCHEDULE B-1

Bulk Analog Cable Television service rate schedule B-1 is available to customers in Madison County, TN.

Residential Bulk Analog Cable Television service, single unit

Analog Standard Service (Basic and Expanded) \$44.45/unit per month

Residents who maintain a mailing address at the multiple dwelling unit property may establish an individual account with Jackson Energy Authority separate from the bulk master service account for the purpose of subscribing to digital basic and premiums services under the R-1 rate schedule. This individual account will be billed directly to the resident who will be responsible for payment and any digital customer premise equipment issued to that resident.

RATE SCHEDULE B-2

Bulk Analog Cable Television service rate schedule B-2 is available to customers in Madison County, TN.

Commercial and Non-Residential Analog Cable Television service, single unit

Analog Standard Service (Basic and Expanded) \$44.45/unit per month

NON-RECURRING INSTALLATION CHARGES

Installation charges for bulk service accounts will vary based upon the number of outlets to be installed, the condition of existing outlets, and the cost to install the service drop into the premises. Bulk installation charges will be negotiated with the property owner based upon the amount of outlets and the length of the contract term.

RATE DISCOUNTS

Rates above are maximum monthly rates. The Analog Standard Cable Television service rate B-1 and B-2 may be discounted based on volume and contract term. Such discounts shall be applied to all customers in a consistent manner.

PROGRAMMING COST RATE ADJUSTMENT

Rates for B-1 and B-2 service categories may be adjusted quarterly by the amount of the increases in the cost of programming for existing programming services or for new programming services added to a category of service.

MINIMUM BILL

The minimum monthly bill under this rate schedule shall be for one month of Standard Analog Cable Television service as determined by the number of units, rooms, or outlets served times the rate established for that volume of units, rooms or outlets under the bulk service agreement, plus any fees, taxes, or other required charges by governmental or regulatory agencies.

CONTRACT REQUIREMENTS

Jackson Energy Authority shall require contracts for bulk Analog Standard Cable Television service. Contract terms may vary based on rate discounts offered, but will in no event be less than one year.

PAYMENT

Bills under this rate schedule will be rendered monthly for the contracted service amount received during the prior month. Any amount of the bill unpaid after the due date specified on the bill may be subject to additional charges under Jackson Energy Authority's standard policy.

JACKSON ENERGY AUTHORITY

* Installations in excess of 200 feet from the nearest tap will be charged a surcharge for the cost of the excess footage.

RATE DISCOUNTS

Rates above are maximum monthly rates. The Analog Standard Cable Television Service Rate G-1 and G-2 may be discounted based on volume and contract term. Such discounts shall be applied to all customers in a consistent manner.

PROGRAMMING COST RATE ADJUSTMENT

Rates for G-1 and G-2 service categories may be adjusted quarterly by the amount of the increases in the cost of programming for existing programming services or for new programming services added to a category of service.

MINIMUM BILL

The minimum monthly bill under this rate schedule shall be for Analog Standard Cable Television service, plus any fees, taxes, or other required charges by governmental or regulatory agencies.

CONTRACT REQUIREMENTS

Jackson Energy Authority shall not require contracts for regular a la carte services. However, Jackson Energy Authority may require service term commitments for discounted service packages in combination with other cable television or telecommunication services offered by or through Jackson Energy Authority. Such service term commitments may require penalties to the customer, in an amount not to exceed the cumulative amount of the discount associated with that service package, should the customer discontinue service before the fulfillment of the service term commitment or reduce the number of services in combination.

PAYMENT

Bills under this rate schedule will be rendered monthly for service received during the prior month. Any amount of the bill unpaid after the due date specified on the bill may be subject to additional charges under Jackson Energy Authority's standard policy.

JACKSON ENERGY AUTHORITY
