

ALWAYS LOOK UP, ALWAYS

POWER LINES ARE A LEADING CAUSE OF ELECTRICAL FATALITIES

Between 2011 and 2017, **36%** off all electrically related workplace fatalities were caused by **overhead power lines**. In the majority of these cases, fatalities occurred in occupations with little to no electrical safety training. So when you're on a job site, **always look up, always** – it can save your life.

Do not touch the ground and vehicle at the **same time**.

Jump from the vehicle with your **feet together**.
